Capital Programme

INTRODUCTION

The Budget Book

This book sets out the Hammersmith and Fulham approved Revenue budget for 2014/15 and highlights the capital programme.

Other publications

The council also produces the following two publications which show different aspects of the **council's finances:**

- Council Tax and Business Rates booklet.
- Statement of Accounts.

Further details about these can be obtained from:

Jane West Executive Director of Finance & Corporate Governance. London Borough of Hammersmith & Fulham Town Hall, King Street Hammersmith W6 9JU

REVENUE BUDGET SUMMARY

Background to the Budget Strategy

The council tax charge will be cut by 3% in 2014/15. This will be the seventh reduction in the last eight years. The 2014/15 Band D charge is £182 (20%) less than in 2006/07. In real terms a cut of 39%.

Government grant has fallen by £13m (9%) in 2014/15 and is forecast to continue falling until at least 2017/18.

The Council's budget strategy is to play its part in tackling the fiscal deficit whilst also focusing available resources on key local priorities and reducing the burden on local council tax payers.

The approved 2014/15 budget and amount to be funded from council tax is set out in Table 1.

Table 1 – Council Tax Requirement.

| | £000 |

The Medium Term Financial Strategy (MTFS)

This rolling plan interconnects the Council's overall strategic priorities with appropriate funding levels and a challenge process that drives forth service innovations and finds efficiencies. This has enabled the Council to cut Council Tax by 3% in 2014/15. The Council's departments identified the following efficiency savings as part of the MTFS process.

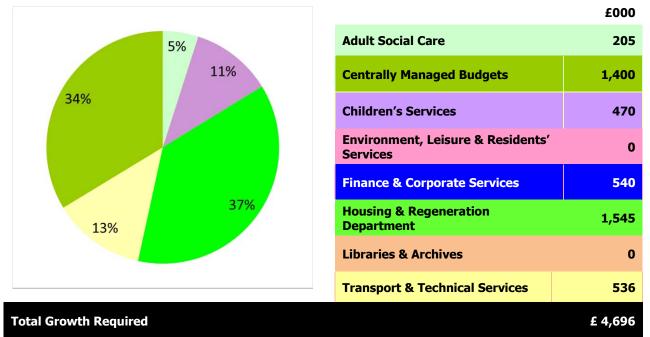

The level of savings required to balance the budget is significant, but as far as possible the Council has tried to protect front line services. A categorisation of the savings is shown below.

Table 3 - Analysis of the 2014/15 Savings

| Type of Saving | £′000s |
|---|----------|
| Tri- Borough | (4,160) |
| Staffing / Productivity | (1,980) |
| Commissioning | (3,247) |
| Procurement/Market Testing | (745) |
| Commercialisation / Income | (1,975) |
| Transforming Business Portfolio | (893) |
| Reconfiguration/Rationalisation of Services | (3,099) |
| Debt Reduction Strategy | (1,336) |
| People Portfolio | (470) |
| Total | (17,905) |

The Council's departments identified the following growth requirements in total during the MTFS process.

Council Tax

The Council is obliged by statute to calculate the council tax requirement and set a balanced budget. Council Tax is a tax on domestic properties that are calssified into various valuation bands.

In London, not only does each Borough raise council tax, the Greater London Authority (GLA) also precepts Council Tax. The GLA is responsible for budgets and strategy on London transport, spatial development, economic development, the Metropolitan Police and fire services. The combined bill from both organisations is the amount that residents see on their bills.

There are eight bands from A to H, arranged in increasing property value. All property bands are expressed as ratios of Band D, A to C being smaller and E to H being larger. Band D is used as the middle band upon which the Council Tax demand is based and all other bands are converted to a 'Band D equivalent' by using the appropriate ratio.

The Tax Base for the council is the sum of all Band D equivalents multiplied by the tax collection rate. For 2014/15 the Council has formally agreed a Tax Base of 69,875 for Band D equivalent properties. The movement in the Band D Council Tax amount is set out below:

| | | | Reduction In |
|--------------------------|-----------|----------|--------------|
| | 2013/14 | 2014/15 | Council Tax |
| Hammersmith & Fulham | £ 757.90 | £ 735.16 | (3.0%) |
| Greater London Authority | £ 303.00 | £ 299.00 | (1.3%) |
| Total Council Tax | £ 1060.90 | £1034.16 | (2.5%) |

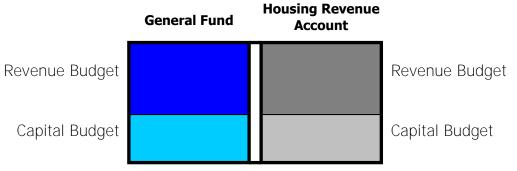

This gives residents the third lowest council tax in London which is also the third lowest in

BUDGET BOOK GUIDANCE

The Council structure

From a budgeting perspective, the council is principally divided into the General Fund and the Housing Revenue Account. Each of these budgets is set independently. This is to ensure that **council rents are ringfenced to the council's housing stock and that council tax funds all the** other services the Council provides.

Within the General Fund and the Housing Revenue Account, there is both revenue expenditure and capital expenditure. The former is mainly for day-to-day operations and the latter for investment in assets. This can be understood diagrammatically:

Total Council Budget

There are ten departments presented in the Budget Book: Adult Social Care, Centrally Managed Budgets, **Children's Services, Environment Leisure and Residents' Services,** Finance & Corporate Services, Housing & Regeneration Department, Libraries & Archives, Public Health, Transport & Technical Services and the Housing Revenue Account.

How to read the budget book

High level summaries of the General Fund and the Housing Revenue Account are presented from pages 9 and 114 respectively.

High level summaries of the General Fund Capital Programme and Decent Neighbourhoods, including the Housing Revenue Account are presented from pages 134 to 142.

The budgets are presented in a standard 'subjective analysis' format according to best practice guidelines from CIPFA. At this level of detail, budgets are summarised into one of 15 categories including 'Employee Expenses,' 'Supplies & Services,' and 'Customer & Client Receipts.'

This is followed by departmental summaries which show the budget movements from 2013/14 to 2014/15 for each division.

Subsequent to each departmental summary is a divisional page which groups together a coherent set of services.

Each divisional page gives you a description of that service and an itemised list of major movements in budgets and staffing between 2013/14 and 2014/15.

Adult Social Care Tri - Borough Adult Social Care

Description of Service

The purpose of the Adult Social Care (ASC) Department is to deliver high quality assessment, care co-ordination, social work and specialist community services to people with a disability, people with mental health needs and older adults and their carers. This includes a strong focus on the need to ensure the safety of vulnerable adults living within the borough and using services.

The Department is part of the Tri-Borough Adult Social Care service. ASC is committed to enabling more people to stay independent for longer, managing as much care for themselves as they are able through our personalisation approach and this is key to our investment strategy. Through the provision of preventative and community services, residents are given the opportunity to recover from acute events, maintain their independence and be self reliant. As care needs increase, so do the costs of supporting those needs and our approach aims to keep people in their own homes for as long as possible.

Integration with health is key to the future delivery of our services. Our ambition is to offer integrated community health and social care services while working more closely with clinical commissioning groups and acute providers. We believe this will yield greater benefits to residents and ensure that Adult Social Care is able to offer the right services at the right time whilst achieving better for less.

Statement of Core Business

The core of the business of the ASC Operations and Provided & Mental Health Partnership divisions is to ensure that the Council fulfils its statutory duties in respect of vulnerable adults under the National Assistance Act 1948 and subsequent related legislation. These divisions fulfil this duty in a manner which is consistent with the priorities of the Council.

The purpose of the Commissioning division is to understand and respond to the aspirations of local residents by analysing information and using evidence to design commission and procure services, implement changes and evaluate their effectiveness.

The purpose of the Procurement and Business Intelligence division is to monitor the performance of the Department, providing work force development for internal and external providers and project management facilities.

The purpose of the Finance Division is to provide effective, high quality, and professional support and advice **and maximise the value for money delivered from the Department's financial** resources.

Prime objectives of the Department

- Maximising self reliance, personal responsibility and enabling more people to find their own care solutions.
- People are provided with the right help at the right time to facilitate recovery and regain independence.
- People with long term conditions stay independent and live the lives they choose.
- Risk is effectively balanced between empowering and safe guarding individuals.
- People with disabilities are active citizens and enjoy being independent individuals.
- Identify carers and have their needs met within their caring role.
- People have a positive experience of social care services.
- Achieving greater productivity and value for money.

ADULT SOCIAL CARE Finance

The purpose of the Adult Social Care Finance Division is to support the Department to achieve the most effective use of financial resources through forward planning, financial management, monitoring and control, establishing and reviewing systems that maximise income and providing high quality financial information, ensuring officers and members are well briefed on financial issues. This Division manages the Client Affairs of Deputyship and Appointeeship Services users, from 2014 this will be a Tri-Borough Team.

ADULT SOCIAL CARE Commissioning

The Commissioning Division works with partners, particularly the National Health Service, to integrate care so that our residents receive the right care, at the right time, in the right place from the right provider. They also develop a market in services that enable people to be self reliant and independent.

ADULT SOCIAL CARE Operations

The Operations Division provides services which include social work care, community independence services such as telecare, occupational therapy and mobility aids and Learning Disability services. These services are offered in an integrated way with family doctors, community health services and hospitals. The operational budgets for Older People, Physical Disability and Learning Disability placements, packages and direct payments are also included here.

CENTRALLY MANAGED BUDGETS

Description of Service

This budget covers corporate financial costs and income. This includes management of borrowings, pensions administration, the corporate and democratic core, levy payments, contingency sums, external audit function and housing benefit payments.

The Corporate & Democratic Core is set out by CIPFA and constitutes the following two strands:

Democratic Representation & Management – this relates to policy-making and all Member related activities including their support and advice costs.

Corporate Management – this relates to the general running of a Council and the provision of an infrastructure that allows services to be provided.

Statement of Core Business

The staff who manage these costs and income largely report within the Finance & Corporate Services Department. However, the items are collated within CMB to facilitate clearer accounting. The remit is to:

- Manage borrowings by anticipating fiscal and money market changes and maximising the opportunity presented by these to meet the council's needs based on the Medium-Term financial plan
- Monitoring the return on the pension fund and ensuring that it is able to meet future obligations based on current actuarial projections
- Managing the costs of the Corporate & Democratic Core whilst ensuring that customer satisfaction and needs are met
- Monitoring and influencing the cost of levies
- Managing the audit regime for both grants audits and the final Statement of Accounts
- Properly pay Housing & Council Tax benefits based on a thorough understanding of benefit claimants' needs and current legislation and minimise the net cost, after subsidy, to the Council
- Ensure contingency sums are adequate and allocated in accordance with proper council practices

Prime objectives of the Department

- Driving forward the Medium Term Financial Strategy as it applies to the area
- To ensure that the pension fund accounting arrangements and level of funding is adequate to meet current and future obligations
- Holding budget managers for the Corporate & Democratic Core to account for their costs and benchmarking this against similar London Boroughs
- Understanding the cost drivers for levies and working in partnership with other London Boroughs where applicable to drive these costs down
- Continuously improving the audit regime and driving down costs for both grants audits and the final Statement of Accounts
- Continuous improvement in Housing benefits processing and accuracy

Centrally Managed Budgets CORPORATE & DEMOCRATIC CORE

This budget provides for democratic representation and corporate management costs. The main elements include Member costs, subscriptions to local authority associations, officer support to Members centrally and from departments, external audit and inspections and tri borough accomodation recharges. The majority of expenditure consists of a recharge from other budget headings.

Description of Service

Children's Services are a significant part of the new Tri-borough working arrangements with the Royal Borough of Kensington and Chelsea and Westminster City Council. The aim is to combine services – where there is a strong case to do so – to protect front line services, improve service effectiveness and reduce costs. In 2013/14 there was the consolidation of many of these services and 2014/15 provides a further opportunity to expand joined up working to deliver further MTFS targets, but protecting front line services for some of Hammersmith and Fulham's most vulnerable residents.

Tri-borough Children's Services is directed by a single Senior Leadership Team and contains a number of combined and borough-based services. School improvement is supported by local teams within the Tri-borough schools commissioning division. Family services are delivered locally, with responsibility for protecting children, supporting families and delivering early help in the most efficient manner possible. The combined commissioning unit has now been working well together for a second year and in 2014/15, we should continue to see the cost advantages of being able to work together on major joint commissioning projects to deliver cost efficiencies on contracts and best practise in procurement.

Statement of Core Business

Children's Services is dedicated to the protection, education, health and wellbeing of all the children and young people in the borough. The department aims for standards that are consistent with those set out in the UN Convention on the rights of the child.

Children's Services is a crucial Council department in ensuring that Hammersmith & Fulham is a 'Borough of Opportunity' for all. It aims to create a ladder of opportunity which enables young people to pursue purposeful and full lives, becoming responsible citizens who achieve economic wellbeing.

Prime objectives of the Department

The Hammersmith & Fulham Mandate outlines the specific priorities for children and young people in **the borough, in order to create a 'ladder of opportunity'.** Its nine aims are:

- Protecting children and providing a safe environment
- Improving the health and wellbeing of children and young people
- Tackling the causes and impact of child poverty
- Identifying need early, working with families before problems arise
- Improving the quality of education for children and young people
- Ensuring every child has the opportunity to reach his or her full potential
- Encouraging young people to lead active and purposeful lives
- Maximising the opportunities open to young people as they move on from school or college
- Achieving best use of resources

These have been formed to help us meet identified need, deliver corporate priorities and achieve the goals that are being set out by the Department for Education. These will be achieved through Tri-borough working and in partnership with other statutory, voluntary and private sector agencies.

In order to deliver the above, Children's Services has key operational objectives in the areas of Social Care, Early Intervention and Prevention, Education and Commissioning.

ENVIRONMENT, LEISURE & RESIDENTS' SERVICES

Description of Service

The vision of ELRS is to delight our customers whilst providing the best possible quality services at the least possible cost.

The Environment, Leisure and Residents' Services Department (ELRS) provides a range of services for both the Royal Borough of Kensington and Chelsea as well as the London Borough of Hammersmith & Fulham. It includes responsibility for Waste, Street Cleansing, Commercial Waste, Parks, Leisure, Street Markets, Streetscene Enforcement, Culture, Events, Parks Police and CCTV, all of which will be Bi-borough from 2014/15. In addition, the team provides single borough LBHF services for Registrars, Mortuary, Emergency Planning, Transport and Neighbourhood Wardens.

The department is responsible for delivering some of the highest profile events and activities in London including the Boat Race as well as having responsibility for very special places such as **Fulham Palace and Bishop's Park, and a variety of key open spaces. All the services a**dd significantly to improving the quality of life of residents, businesses and visitors to our boroughs.

Statement of Core Business

The department supports the Borough of Opportunity agenda and enables local residents to gain experience and opportunities that ultimately help them achieve their aspirations in life. Some of the key Council priorities are the drivers for our work:

- Tackling Crime and Anti-Social Behaviour
- Delivering High Quality, Value for Money Services
- Creating a cleaner, greener borough
- Setting the framework for a healthy borough
- Regenerating the most deprived areas of the borough

The department has ambitious targets and objectives which reflect what our residents have told us are important and are therefore a priority.

Prime objectives of the Department

The purpose of ELRS is to reduce the cost of services whilst delivering effective, customer focussed services. Through Bi-Borough working with the Royal Borough of Kensington and Chelsea we aim to further improve performance and optimise the skills of the team by comparing and contrasting the best in both boroughs. The prime objectives of the department are:

- Improving residents satisfaction with services through customer engagement
- Providing high quality, value for money services for residents
- Tackling crime and anti-social behaviour for a safer environment
- Reducing waste, fly-tipping, fly-posting, graffiti and litter and increasing recycling
- Developing our commercial services
- Delivering a new sports and physical activity offer for the borough
- Improving and delivering on the objectives of the Parks & Open Spaces Strategy
- Redefining and providing a modern and welcoming public library service
- Delivering excellent services and facilities which enhance quality of life within the borough

ENVIRONMENT, LEISURE & RESIDENTS' SERVICES DEPARTMENT SAFER NEIGHBOURHOODS

The Safer Neighbourhoods Directorate is made up of a large group of services, organised in to three service areas. The Community Safety service works to make the borough a safer place for people who live in, work in or visit it. This is achieved through a range of council-based services who work closely with the police and local partners to support victims of crime and take enforcement action against offenders. The Leisure and Parks team work to provide good quality parks, cemeteries, leisure and ecological services for residents. Emergency Services includes a diverse range of services including Emergency Planning, Coroners, Mortuary and Fleet Transport. The FTE figures below include 27 HRA funded staff. The costs associated with these staff are included in the HRA budget book pages and are not included below.

ENVIRONMENT, LEISURE & RESIDENTS SERVICES' DEPARTMENT **CLEANER, GREENER & CULTURAL SERVICES**

The Cleaner, Greener & Cultural services directorate is made up of two service areas. The Culture Service promotes and develops arts and culture. From the fireworks to the Oxford and Cambridge Boat Race and supporting Fulham Palace Trust, the Culture Service seeks to involve, amaze and inspire residents with high quality and enjoyable arts and culture events and activities. The Waste and Street Enforcement Service strives to ensure that waste collections are made promptly, and that our streets are clean and clutter-free for our residents, businesses, and the many visitors who pass through our two boroughs. This team also works with Western Riverside Waste Authority to dispose of the waste, using the most economical and sustainable methods available.

ENVIRONMENT, LEISURE & RESIDENTS' SERVICES DEPARTMENT CUSTOMER & BUSINESS DEVELOPMENT

The Customer & Business Development Directorate is organised into a single service area with a diverse range of services. Our markets (including North End Road) are charismatic and buzzing. Our commercial waste business is the major income generating service and is budgeted to generate £2.85m in income. The Registrars Service is a single borough service for LBHF only. The Customer and Business Development Team is an enabler to ensuring the delivery of a quality customer experience across all ELRS customer facing touchpoints, such as face to face, email and website. The team ensures that we utilise technology to best effect given the reduced work-force and proactively seeks new business development opportunities.

Description of Service

The purpose of the department is to provide the corporate framework for the delivery of high quality value for money public services, enabling the achievement of **the Council's vision of being** the low tax borough. The department is largely a support service department, supporting front line services across the Council. The exception to this is H&F Direct which provides transactional services to residents e.g. council tax, business rates and rent collection, parking permits, blue badges, housing benefits etc. FCS strives to provide exceptional value for money services and to be as small as possible. **The department also makes a huge contribution to 'joining up'** the Council and sharing of services with other Councils and organisations. The **department's senior managers share a range of Tri and Bi**-borough responsibilities as well as their H&F roles.

Statement of Core Business

The Finance & Corporate Services Department seeks to:

- Champion strong governance, financial management, performance management and customer service
- Enable effective corporate management and leadership, providing strategic advice and leadership on communication
- Deliver excellent, cost effective and responsive corporate services internally and externally
- Enable effective people management and leadership
- Provide the framework for improving efficiency, effectiveness and VFM across the Council and its partners

Prime objectives of the Department

- To support Tri and Bi-borough working.
- To drive the Medium Term Financial Strategy for H&F and support the delivery of the Council's priorities of a low tax borough.
- To drive the Councils ICT Strategy in collaboration with our Tri-borough partners.
- To manage the performance and governance framework, within a Tri and Biborough context, to enable successful service, programme and project delivery and ensuring that s151 and monitoring officer requirements are met
- To drive specified cultural and transformational change throughout the H&F, RBKC and Tri-borough services, delivering improved resident and customer satisfaction
- To embrace the Council's Transformation agenda with significant savings being delivered from Tri-borough working, lean pathfinders, commercialisation and cost reduction programmes.
- To build capability of our staff to streamline services and processes driving better customer service whilst reducing cost
- To collaborate with other boroughs and organisations if appropriate e.g. Communications with Wandsworth
- To ensure adequate Human Resources capacity to deliver the Council's objectives and priorities
- To play a key role in supporting managers responsible for delivery of the projects within the market testing programme.
- To manage the collection and recovery of income to the Council whilst maximising benefit subsidy in ways that promote the customer service agenda and improve resident satisfaction

FINANCE & CORPORATE SERVICES 3rd SECTOR INVESTMENT STRATEGY & COMMUNICATIONS

Promotes & communicates Council services and activities through the media, website, intranet & public information service. Also provides a Bi-Borough graphic design service to other departments. Includes Hammerprint, which provides in-house & external printing services. The division also incorporates the Strategy Unit, which provides policy support & advice to Councillors & Chief Officers, particularly on strategic, legislative and corporate issues and performance staff. The Strategy Unit also now includes Community Investment, which has recently transferred from Adult Social Care (ASC). This includes the Council's Voluntary Sector grants budget.

FINANCE & CORPORATE SERVICES FINANCE

This division now includes the central finance teams, Insurance, Internal Audit, Anti-Fraud, Treasury and Risk Management. The departmental accountancy teams have been decentralised to aid Bi and Tri-Borough mergers with various departments across Councils.

FINANCE & CORPORATE SERVICES H&F DIRECT

Hammersmith & Fulham Direct includes the Council's transactional services - Housing Benefits, Council Tax and Pay & Park, together with the Blue Badge (parking concessions) and the Freedom Pass (concessionary passes for disabled and elderly people) services. Housing Rent Accounts have transferred in from HRD, but with a net nil effect to Net Expenditure, as costs are recharged back to the HRA.

Description of service

OWithin the General Fund, the department is responsible for delivering a programme of physical regeneration and economic development across the borough, enhancing housing services and housing opportunities for residents, and providing housing-related preventative interventions to reduce the demand for access to acute services. The department is focused on creating safe and sustainable neighbourhoods, providing a platform for economic prosperity, increasing the quality and quantity of social housing and improving life opportunities for all residents.

Statement of Core Business

Within the Housing Options, Skills & Economic Development division: the Assessment & Advice service works with partners to meet housing demand by assessing homelessness applications, promotes early interventions in order to reduce the likelihood of a person becoming homeless, and provides information about housing options including advising on sheltered housing to support people independently, accessible housing for people with disabilities, and housing register applications. The Allocations, Home Buy & Property Solutions service promotes the Council's range of low cost home ownership products, provides an allocation service, delivers support to vulnerable tenants, and manages all temporary housing needs, ensuring that the Council achieves value for money in procuring properties. The function is responsible for facilitating permanent re-housing and making best use of the Council's housing stock. It works closely with the Housing Occupancy team within Housing Services to assist tenants who are overcrowded or under-occupying their home. The Economic Development, Learning & Skills function works with partners across West London to promote business growth, increase job creation and employment, attract inward investment and improve skill levels. The service provides a number of apprenticeship schemes, commissions training, employment services and business support, and promotes the borough's town centres and the local tourism industry. This work is supported by successfully bidding for external regeneration funds. The quality of delivery of vocational, mentoring and other adult learning courses for over 8,000 students in the borough has earned Beacon status for the Learning & Skills unit. The Housing Options division is also responsible for developing housing strategy, policy and initiatives (including managing the impact of the Government's Welfare Reform programme). The Regeneration and Development team is responsible for renewing deprived neighbourhoods within the borough's three London Plan Opportunity Areas, with key developments including Earl's Court and Park Royal City.

Prime objectives of the department

- Create more mixed and balanced communities: strategic asset management enabling access to high quality housing choices, prevention of homelessness through provision of housing advice, promoting employment opportunities, and actively managing the implications of Welfare Reform
- Give people a future: tackling social and economic polarisation through investing in **residents' wellbeing** by offering a range of employment, training, educational and housing options including enabling residents to pursue low cost home ownership and reducing the use of temporary accommodation, as well as delivering major regeneration programmes in five Opportunity Areas, creating job opportunities, improved infrastructure, accessible, affordable housing and neighbourhood improvements
- Satisfying our customers: through direct engagement and involvement with tenants and residents to ensure expectations are met and exceeded in all aspects of delivery
- Improving value for money and reducing costs: including delivering MTFS targets, managing all forms of temporary accommodation in an innovative and cost efficient manner, and working with the community to drive initiatives such as the White City Neighbourhood Budget project

| | | | | | | | |
| TOTAL | 6,285 | (5) | (343) | (521) | 1,545 | 765 | 7,726 |

Notes

The efficiency total of (£521k) is based on the departmental target of (£750k) offset by an efficiency relating to the redistribution of the pension fund deficit for staff from the General Fund to the Housing Revenue Account of £209k which is accounted for within Centrally Managed Budgets, and an adjustment of £19k which reallocates between departments the savings generated by the corporate transformation programme.

<u>Notes</u>

The number of Full Time Equivalent Staff (FTE's) has increased due to the provision of S106 & other grant funding to support Economic Development & Learning Skills' business initiatives, this has resulted in an increase of 8.5 FTE's which is partially offset by reductions arising as a result of efficiencies.

HOUSING & REGENERATION Housing Options, Skills & Economic Development

The division covers three key services - Assessment & Advice (which includes H&F Advice, Housing Assessment and Review, and placement of homeless singles); Allocation, Home Buy and Property Solutions (including Temporary Accommodation and Housing Benefit Assist); and Economic Development, Learning & Skills (provides social and economic initiatives to promote business growth, job creation and employment, attracts inward investment and funding and improves skill levels).

HOUSING & REGENERATION Housing Services

Housing Services exists to deliver the best possible outcomes for tenants at the lowest possible cost and to contribute to transforming neighbourhoods and access to opportunities. This budget relates mainly to the cost of site management and monitoring, traveller-related policy issues, and ensuring the protection of the interests of both the Council and the occupants of the Westway Travellers' Site.

HOUSING & REGENERATION REGENERATION

The Regeneration and Development team is responsible for renewing deprived neighbourhoods within the borough's three London Plan Opportunity Areas, with key developments including Earl's Court and Park Royal City. The reduction in planned spending between years relates to costs incurred during 2013/14 in supporting the implementation of regeneration projects, which are now being funded via other mechanisms.

HOUSING & REGENERATION FINANCE & RESOURCES

The Finance & Resources division provides strategic and operational financial support to the department and also drives improvements in achieving value for money, reducing costs, and ensuring the delivery of the Medium Term Financial Strategy to enable the Council's vision of a Borough of Opportunity. The budgets within this division mainly relate to staffing and other overhead budgets.

LIBRARIES & ARCHIVES SERVICE

Description of Service

The Libraries and Archives Service provides twenty one libraries and lends over one million books across the three boroughs of Hammersmith & Fulham, Kensington & Chelsea and Westminster. The libraries are freely available to everyone in the community. The four libraries located within Hammersmith and Fulham that form part of the Tri-borough Libraries and Archives service offer services such as popular fiction and non-fiction, foreign language collections, DVDs and CDs, **children's and teenage fiction**, spoken word and large print selections, popular newspapers and magazines, homework clubs, reading groups, under 5s sessions, photocopying, computer access and room hire. Residents who, through a lack of mobility, are unable to travel to their local library can alternatively access the Home Library Service. The service also provides access to local archives and history collections.

Statement of Core Business

The key elements of the department are:

- **Reading.** Everything starts with reading, libraries help children and adults to become proficient readers for life and promote the love of reading for pleasure.
- **Learning.** Libraries support formal education at every stage and are a major provider of informal and self-directed learning for all.
- **Digital.** Libraries create and provide access to digital resources, and help people to bridge the digital divide through support and training.
- **Information.** Libraries provide the gateway to the world's knowledge (about anything and everything) and to local community information, with intelligent interpretation.
- **Community.** Libraries provide a physical, accessible, safe indoor presence in the heart of local communities, a meeting place for local people and organisations, a destination or venue for cultural events and activities.
- Access point for other services. Either online or through surgeries or permanently shared location as a trusted brand with expert staff, a natural place where people will go to seek advice and support and to transact with other services.

Prime objectives of the Department

The purpose of the Tri-borough Libraries and Archives service is to promote reading and offer opportunities for cultural enrichment, recreation, employment and learning for the residents and businesses in Hammersmith & Fulham, Kensington & Chelsea and Westminster. The service is delivering savings on management and back office costs, allowing continued investment in libraries. The main objectives are:

- Improved library services, including extending the 'More Than a Library' brand to a refurbished Hammersmith Library.
- A comprehensive range of learning and wellbeing opportunities, including a wide range of adult and children's reading, learning and cultural activities.
- Increased access to services and content by all communities.
- Increased engagement through online channels e.g. eBooks and eAudiobooks.

LIBRARIES & ARCHIVES Management and Support Services

This division sets the overall strategic direction of the service and supports service delivery. It encompasses both the Tri-borough Senior Management Team and support staff and includes the Corporate and ICT support for the service as a whole. The decrease in staff, supplies and services budgets for 2014/15 reflects the reallocation of these costs to Library Operations; Reference, Information and Archives; and Community Development.

PUBLIC HEALTH SERVICES

Description of Service

The Public Health Department is a Tri Borough Service managed by Westminster City Council on behalf of the Tri-Borough partnership of London Borough of Hammersmith & Fulham, Royal Borough of Kensington and Chelsea and Westminster City Council. It is responsible for the commissioning of services to help reduce health inequality and provide improved health and wellbeing for the boroughs resident.

The service is mainly funded from a Ring Fenced Public Health Grant administered under section 31 of the Local Government Act 2003 which allows Ministers, with the consent of the Treasury, to pay grants to any local authority for any expenditure

Statement of Core Business

To work jointly with clinical commissioning groups and other strategic partners (such as the police and community safety partnerships to undertake Joint Strategic Needs Assessments (JSNA) of the current and future health and social care needs and assets of the local community. To use the JSNA to develop Joint Health and Well Being Strategies in order to met the identified needs in the local area.

To deliver the Joint Health and Well Being Strategies through the commissioning of services. To provide value for money by commissioning services through the tri borough partnership.

To ensure the delivery of Mandatory Functions as prescribed by the Secretary of State.

To maintain sound Financial Management and reporting of grant expenditure as outlined by the Secretary of State.

Prime Objectives of Department

To discharge the local authority public heath responsibilities and:

- improve significantly the health and wellbeing of local populations
- carry out health protection functions delegated from the Secretary of State
- reduce health inequalities across the life course, including within hard to reach groups
- ensure the provision of population healthcare advice and promote healthy living and facilitate the process for living healthy lives both for residents within the borough and visitors.
- •

TRANSPORT & TECHNICAL SERVICES

Description of Service

The Transport and Technical Services (TTS) Department delivers a wide range of technical, regulatory and enforcement services, including some of the 'universal' services used by everyone who lives, works in or visits the borough. Recognising the importance of delivering these services effectively, courteously and with understanding of our customers' needs, we aim to continually improve standards, and help shape residents' perceptions of living and working in the borough.

A number of senior managers in the Transport and Technical Services (TTS) Department are shared with the Royal Borough of Kensington and Chelsea, which means it is managed on a Bi-Borough basis. Two services, Environmental Health and Transport and Highways are in the process of more closely integrating across the two boroughs. However, Building and Property Management and Planning services are still managed within TTS on a single borough basis only. For the provision of facilities management services in LBHF we entered into a contract on a triborough basis in 2013.

Statement of Core Business

The department plays a core role in delivering more efficient use of council property assets, particularly office accommodation. We lead on the centralisation of improved facilities management services, the accommodation programme and provide a key input to the smart working programme for which the director is the corporate sponsor. The department will continue to seek more efficient service delivery options and will continue to drive down costs, through initiatives like the tri borough Total Facilities Management contract.

The department will further develop performance management and expansion of its use of staff performance incentives to raise productivity levels and reduce net costs. Most of our services have already obtained ISO 9001:2000 Quality Accreditations. The Department is IiP accredited and has Chartermark status for all Parking services.

The department is using the new bi-borough arrangements to develop closer working relations and to improve efficiency.

Prime objectives of the Department

The following objectives help us to achieve our over-riding purpose:

- Planning and transport to support regeneration and decent neighbourhoods
- MTFS efficiency savings
- Market testing
- Optimising capital assets
- Providing council buildings used by the public with step free access and wheelchair accessible toilets

Transport & Technical Services TRANSPORT & HIGHWAYS SERVICES

The Council is the statutory highway and traffic authority for all 212 kilometres of public roads within the borough except for those roads that are part of the Transport for London road network (A4, A40 & A3220). Highways and Engineering is the executive arm of the Council in respect of procuring and managing the Council's highways and traffic powers, duties and responsibilities. It also provides transport and parking policy advice and is responsible for the civil engineering service to the Council.

Transport & Technical Services PARKING

The Parking Service Budget covers the activities of the Borough Wide Parking Area under the Road Traffic Act 1991 and the London Local Authority Acts, together with the enforcement of controlled Parking Zones and the White City and Wormwood Scrubs Off Street Car Parks. Other functions include direct responsibility for the Parking Attendant Service, enforcement of parking restrictions, bus lanes and moving traffic contraventions, collection of monies from pay and display machines and the approval and implementation of parking bay suspensions.

Transport & Technical Services PLANNING

The Planning Division provides an integrated policy function for planning, transportation and the environment. This includes responsibility for statutory and non-statutory plans; research; advising on planning applications and development of the council's own land; pre-application advice; and access. The Development Management Services assesses all applications for planning permission to carry out new development, works to existing buildings and changes of use.

Transport & Technical Services ENVIRONMENTAL HEALTH

The Public Protection and Safety Division is responsible for many of the Council's statutory regulatory functions including environmental health, trading standards and licensing. The

division also includes corporate safety, departmental performance and complaint monitoring. The primary objective of the Division is to protect the health, safety and well being of people who live, work in or visit the borough and where necessary to effect improvements through intervention.

Transport & Technical Services BUILDING & PROPERTY MANAGEMENT

This division provides a complete professional architectural, engineering, facilities management and surveying service to all departments of the Council. The division also includes the Total Facilities Management contract with Amey that oversees running costs and maintenance budgets for Council properties, undertaking day to day repairs, refurbishment and engineering servicing works. The Building control service enforces the National Building Regulations in the borough. Valuation and Property Services provides a comprehensive valuation and commercial estate management service on behalf of the council.

HOUSING REVENUE ACCOUNT

Description of service

The Housing Revenue Account (HRA) contains solely the costs arising from the management of the Council's housing stock, funded by income from tenant rents and service charges, leaseholder service charges, commercial property rents and other housing-related activities. It is a ring-fenced account within the Council's General Fund and is required under statute to account separately for local authority housing provision.

The ring-fence was introduced in Part IV of the Local Government and Housing Act 1989, and was designed to ensure that rents paid by local authority tenants accurately reflected the cost of associated services as well as exclusively funding those services. The ring-fence also requires that rents cannot be used to subsidise Council Tax. The items that can be credited and debited to the HRA are prescribed by statute, and the Council has no general discretion to transfer items into and out of the HRA.

Following the Government's reforms to the system of local authority housing finance on 28th March 2012, the 2014/15 HRA budget continues to address the requirement to manage the **Council's** housing stock using solely the income produced by that stock rather than annual transfers of subsidy between central and local government. The 2014/15 budget consolidates a programme of service improvements and savings, whilst addressing both key risks (including the impact of Welfare Reform), and the need to build a secure financial base to ensure that the future investment needs of the stock are met.

Statement of Core Business

The Housing & Regeneration department is responsible for managing the Council's housing stock. The main areas of business are as follows:

- Housing Services leads on resident involvement matters, managing anti-social behaviour, housing management, sheltered housing, caretaking and concierge services
- Finance & Resources manages services for leaseholders and provides a financial management service for the department including a 30 year plan developed to enable the achievement of the HRA's strategic financial objectives, including building new homes
- Asset Management and Property Services delivers the asset management function including reactive revenue repairs and maintaining investment in the condition of the housing stock as well as being responsible for the HRA's long term asset management strategy
- Housing Options provides temporary accommodation, delivers the Council's housing strategy, is engaged in the prevention of homelessness, offering home ownership opportunities, and assists Housing Services in tackling overcrowding and under-occupation in the borough
- Regeneration develops and co-ordinates the **Council's** major programme of estate renewals covering some of the most deprived areas in the borough, and the building of new homes
- Safer Neighbourhoods ensures the Council's housing estates are safe places in which to live

The HRA Budget

The overall strategic financial objectives for the HRA are:

- To finance both the annual interest and repayments of the principal housing debt (£207.7m as at 1st April 2014) as it becomes due
- To achieve a viable on-going maintenance programme that maintains the stock in good repair, working towards reducing the reliance on asset sales to fund the maintenance of existing stock.
- To increase the HRA reserves balance to protect against future shocks or unanticipated events to circa £35 million by 2022
- To free resources for investment in new initiatives including new housing supply whilst improving service standards

CAPITAL BUDGET SUMMARY

Introduction

The capital budget summary below sets out an updated resource forecast and a capital programme for 2014/15 to 2017/18. Since 2006/07, the Council has put in place a debt reduction strategy which has enabled £90m of CFR to be repaid at the end of 2012/13. The capital programme seeks to build on this debt reduction, whilst funding essential new investment and meeting key Council priorities.

The Council remains committed to a number of major projects such as the regeneration of King Street and the Earls Court estate in West Kensingston, together with a range of Decent Neighbourhood schemes.

Council Capital Programme (General Fund & Decent Neighbourhoods, including HRA)

| Total | Indicative | Indicative | Indicative | Original | Capital Expenditure |

Investment in Services

The approved original capital programme for 2014/15 and resource forecast is summarised in Table 1. Indicative budget figures are provided for 2015/16 to 2017/18. The overall capital programme is forecast to be in surplus at the end of 2014/15 by £9.5m, based on current expenditure projections used. In accordance with Council's debt reduction strategy this surplus will, in the first instance, be earmarked for the repayment of debt. A full breakdown of the general fund capital schemes is provided later in this section.

Table 1 – General Fund Capital Programme Summary

| All figures in £000 | Original Budget 2014/15 | Indicative Budget 2015/16 – 2017/18 |
|--|-------------------------------|--|
| Expenditure | | |
| Children's Services | 38,316 | 43,188 |
| Adult Social Care | 1,971 | 3,321 |
| Transport & Technical Services | 7,236 | 28,853 |
| Finance and Corporate Services | 1,058 | 3,308 |
| Environment, Leisure & Residents Services | 700 | 2,392 |
| Total Expenditure | 49,281 | 81,062 |
| Resourced by: | | |
| Capital Receipts | (13,218) | (32,181) |
| Government Grants | (29,166) | (33,572) |
| Grants and contributions from private developers | (200) | (392) |
| Grants and contributions from non- departmental public bodies | (3,774) | (3,967) |
| Capital funding from GLA bodies | (2,162) | (8,557) |
| Revenue Contributions | (761) | (2,393) |
| Total Resources | (49,281) | (81,062) |

Within the capital programme, the Council maintains a core rolling programme. These ensure that the Council continues to make a capital investment in key areas and are summarised in Table 2 below.

Table 2 – Core Rolling Programmes

| All figures in £000 | 2014/15 | 2015/16 | 2016/17 | 2017/18 |
|----------------------------------|---------|---------|---------|---------|

Decent Neighbourhoods (Housing & Regeneration)

The original Decent Neighbourhoods capital programme for 2014/15 to 2017/18 is summarised in table 3 below:

| All figures in £000 | 2014/15 | 2014/15 - 2017/18 |
|--|-----------|-------------------|
| Expenditure | | |
| Decent Neighbourhoods Schemes | 43,256 | 117,986 |
| Housing Revenue Account | 48,391 | 179,184 |
| Total Expenditure | 91,647 | 297,170 |
| Resourced By: | | |
| Capital Receipts brought forward | (59,165) | (108,378) |
| Capital Receipts in period | (41,836) | (146,143) |
| Major Repairs Allowance/Reserve | (17,886) | (69,833) |
| Leasehold & Other External Contributions | (5,304) | (24,585) |
| Total Resources | (124,191) | (348,939) |
| Cumulative Balance (Surplus)/ Deficit | (32,544) | (51,769) |

Table 3 – Decent Neighbourhoods (Housing & Regeneration) Programme Summary

A key Council objective is the regeneration of housing estates and creation of sustainable communities. Certain housing capital receipts have been earmarked for this purpose and a number of initiatives are now in progress, following on from specific Cabinet Approvals.

The programme is forecast to be in surplus for the 4 years to 2017/18 by £2.6m based on the forecast expenditure and resources plan. The actual level and timing, of sales underpinning this surplus in resources is subject to a number of risks.

Investment from the Decent Neighbourhoods Programme is used to:

- invest in existing Council Housing to ensure homes are maintained at a decent standard, statutory and health and safety obligations are complied with, energy efficiency is improved and residual backlog works which were outside the scope of the decent homes programme are addressed including meeting resident priorities such as security and environmental improvements.
- to deliver 100 additional low cost home ownership opportunities by direct development, in pursuance of the Councils Housing Strategy "Building a Housing Ladder of Opportunity" as set out in the Housing Development Programme business plan approved by Cabinet on 24 June 2013.
- to deliver the regeneration of the West Kensington and Gibbs Green Estates (Earls Court) as set out in the report approved by Cabinet on 3rd September 2012, the principal potential cost allowed for in the forecast is the purchasing of any leasehold or freehold interests.
- to repay debt as it becomes due in accordance with the HRA Financial Strategy.

Update On Progress Of Capital Projects

The Council is currently progressing a number of major projects that are likely to impact on the capital programme over the next four years. An update is provided in this section on current

progress. As these projects are progressed, appropriate amendments will be made to capital and revenue estimates subject to member approval.

King Street Regeneration

Hammersmith & Fulham (LBHF) Council's planning applications committee gave the green light for the £150million regeneration scheme, from King Street Developments Hammersmith Ltd (KSD) - a joint venture between Helical Bar plc and Grainger plc, at a meeting on 12th November 2013. Subject to imminent finalisation of the S106 Agreement and then verification by the Mayor of London the planning approval now paves the way for KSD to regenerate the area around and including the town hall extension. The package of improvements includes: 196 high quality new homes; a three-screen community cinema, to be operated by Curzon; new retail, restaurant and cafe space; replacement offices for the council and a new town square. The Grade-II listed town hall will have its former ceremonial stone steps reinstated to link up with the new public piazza while the replacement council offices will be built to the west of Nigel Playfair Avenue. KSD will also provide £5.25 million towards a regeneration fund to boost the surrounding area and refurbish the Grade-II listed town hall, which was built in 1938. It is anticipated that the strategy can be delivered at net nil cost to the Council (i.e. the town hall refurbishment works will only draw on existing maintenance budgets with all other costs being met by the developers) but this will need to be kept under review.

Earl's Court

LBHF entered into a Conditional Land Sale agreement, (CLSA) on 23rd January 2013, with the developer Capital & Counties Properties Plc (CapCo), to include Council owned land including the West Kensington and Gibbs Green Estates in a comprehensive re-development programme. As part of the re-development programme, CapCo will provide LBHF with 760 replacement homes, while other benefits to the wider community include further 740 intermediate affordable homes, jobs, and open spaces. Full details can be found in the 3 September 2012 Cabinet Report. The trigger notice for the CLSA was served in November 2013; this means that the agreement is now unconditional, and CapCo have made a commitment to pay LBHF 5 annual instalments of £15m from December 2015.

Housing Development Programme

On 24 June 2013, the Cabinet approved the Business Plan 2013-2017 to deliver 100 Discounted Market Sales and 33 Private Sales homes at a total cost of £30.3 million via a local housing company.

The capital element of this is funded from the Decent Neighbourhoods Fund (DNF) by sale of expensive dwelling voids, complimented by new homes sales receipts and £2.7 million of GLA grant funding from Mayor's Housing covenant.

Schools' Capital Programme

Cabinet on 23rd March 2013 approved a Schools Organisation Strategy to deliver the Council's key educational priorities:

- To meet the Council's statutory responsibility to provide school places to meet demand; and
- The Council's commitment to :
- The Special Schools Strategy
- The Schools of Choice agenda for expanding popular schools
- Increase the percentage of resident children choosing the Borough's schools.

In the Autumn Statement, the Chancellor reaffirmed a commitment to investing in schools. Children's Services will be submitting a Schools Organisation Strategy 2014/15 to Cabinet which will address the current projections for demand for school places based on known funding streams.

The Secretary of State announced capital funding grants on 19 December 2013. These are as follows (and have not been built into the budgets yet):

• universal infant free school meals capital for financial year 2014 to 2015 (£194,893); and

• basic need for financial years 2015 to 2017. This extends the previous allocations, meaning that basic need funding has now been confirmed for financial years 2014 to 2017 (£4,245,993).

Park Royal City International and Old Oak Common Opportunity Area

As part of developing the business case for a High Speed 2 / Crossrail interchange at Old Oak Common and to maximise regeneration benefits in the area, discussions have been held with the Department for Transport, High Speed 2 (HS2) Ltd, TfL and Network Rail to promote oversite development at the planned Old Oak Common station and to promote inclusion of connections with existing overground rail services. The council and the GLA have published a joint vision for the area subject to recent consultation and amendments are now being planned **to both the London Plan and the council's LDF/Local Plan to encourage appropriate** development. The Mayor of London is proposing that a Mayoral Development Corporation be established with wide-ranging powers yet to be agreed.

Community Infrastructure Levy (CIL)

With regard to resources, a major potential development in the coming years will be the introduction of the Community Infrastructure Levy (CIL). This is a new levy that local authorities can choose to charge on new (principally residential) developments in their area based on increased floorspace (subject to maintaining development viability). The money raised can be used to support development by funding enabling infrastructure that the Council, local community and neighbourhoods want. The CIL is designed to complement and in part replace the funding currently delivered through Section 106 payments on some major schemes. The Mayor of London has introduced a London-wide CIL to contribute to the funding for Crossrail and the Council is currently going through the statutory processes to introduce its own CIL. When the Council introduces its CIL, expected towards the end of 2014, this will give rise to a stream of funding which will need to be deployed for infrastructure development and improvement in order to support further regeneration and development.

2014 - 2018 CAPITAL PROGRAMME

GENERAL FUND

GENERAL FUND SUMMARY 2014/15 to 2017/18

| Department | 2014/15 | 2015/16 | 2016/17 | 2017/18 |

GLOSSARY

ACCOUNTING PERIOD

The timescale during which accounts are prepared. Local authority accounts have an overall accounting period of one year from 1st April to 31st March.

BALANCES

The amount of money left over at the end of the year after allowing for all expenditure and income that has taken place. These are also known as financial reserves.

BUDGET

This is a statement of planned spends for the year as aligned with council, local and national priorities

CAPITAL EXPENDITURE

Expenditure on the purchase, construction and enhancement of Council assets such as houses, offices, schools and roads. Expenditure can only be treated as 'capital' if it meets the statutory definitions and is in accordance with accounting practice and regulations.

CIPFA

Chartered Institute of Public Finance & Accountancy.

CAPITAL FINANCING

This term describes the method of financing capital expenditure, the principal methods now being loan financing, leasing, capital receipts and Capital Resource Funds.

DEPRECIATION

A provision made in the accounts to reflect the value of assets consumed during the year. Depreciation forms part of the capital charge made to service revenue accounts.

DEDICATED SCHOOLS GRANT

This is a specific grant that provides the majority of funding for education in schools. It is disbursed on the basis of a basic per pupil amount plus funding for central government priorities.

EARMARKED RESERVES

These are reserves set aside for a specific purpose or a particular service, or type of expenditure.

GENERAL FUND

The council's main revenue account that covers the net cost of all services other than the provision of council housing for rent.

GROSS EXPENDITURE, GROSS INCOME AND NET EXPENDITURE

Gross Expenditure and Gross Income arise from the provision of services as shown in the General Fund. Net Expenditure is the cost of service provision after the income is taken into account.

HOUSING REVENUE ACCOUNT (HRA)

A statutory account that contains all expenditure and income on the provision of Council housing for rent. The HRA must be kept entirely separate from the General Fund and the account must balance. Local authorities are not allowed to make up any deficit on the HRA from the General Fund.

MEDIUM TERM FINANCIAL STRATEGY (MTFS)

This is a financial plan over the medium term whose purpose is to set out how the Council will respond to changes and challenges over that timeframe and to set a context in which improved services and value-for-money will be delivered.

NATIONAL NON-DOMESTIC RATE (NNDR)

The rates paid by businesses. The amount paid is based on the rateable value set by H M Revenue and Customs multiplied by a rate in the £ set by the government which is the same throughout the country. The rates are collected by local authorities and 50% is paid to central government. 30% is retained locally for use by Hammersmith and Fulham whilst 20% is paid to the Greater London Authority.

PRECEPT

A levy made by a body that does not collect local taxation itself, but by statute can require other bodies to collect the required income from local taxpayers on their behalf. In London the precepting body is the Greater London Authority (GLA).

REVENUE EXPENDITURE

Expenditure on day to day items such as salaries, wages and running costs. These items are paid for from service income, government grant, locally retained business rates and council tax. Under the Local Government Finance Act all expenditure is deemed to be revenue unless it is specifically classified as capital.

SERVICE REPORTING CODE OF PRACTICE (SerCOP)

This replaces the former Best Value Accounting Code of Practice. It sets the financial reporting guidelines for local authorities. It supplements the principles and practice set out in the Code of Practice on Local Authority Accounting (known as the SORP), by establishing practice for consistent reporting. It provides guidance in three key areas

- The definition of total cost
- Trading accounts
- Service expenditure analysis

SERVICE LEVEL AGREEMENT (SLA)

This is a formal contract between Council departments and partners for internal services. These are mostly between support functions and frontline service delivery departments.

TRANSFER PAYMENTS

These are payments to individuals for which no goods or services are received in return by the local authority. Examples include council tax benefits, rent rebates and direct payments to health and social care clients.
